

RECYCLING BOTTOM LINE

In FY09 Fort Campbell diverted nearly 37% of MSW waste through recycling. Did you know reusing & recycling helps decrease green house gas (GHG) emissions? **Soldiers & Their Families benefit from reducing, reusing and recycling:** Waste significantly impacts the environment. Every person generates approximately 5 pounds of garbage a day. In one year each person produces almost a ton of trash. Each person's choices impact the air, water and soil. Burying resources that we need to live is not a viable solution. Your efforts count, please reduce, reuse, recycle.

Remember: Cardboard and paper recycling is mandatory on Fort Campbell. Use the right bin and do the right thing.

Did You Know?

Why Recycle Paper?

- Recycling 500 tons of paper equals a reduction of carbon that is equal to removing 259 cars from the road a year.
- A large shade tree provides the same amount of cooling as 10 room-sized air conditioning units.
- Throwing away 100 tons of paper emits 60 metric tons of green house gases.
- A full grown shade tree filters 60 lbs of pollutants a day, and releases 400 gallons of water a day into the air!
- The average American uses over 600 pounds of paper a year.
- Recycling paper uses 60% less energy than manufacturing from virgin paper.

Each year, 100 million trees are used to produce junk mail. 250,000 homes could be heated with one day's supply of junk mail. To find out how to remove your name from junk mail lists, go to www.DMAchoice.org.

RECORDS SHREDDING

ONLY classified documents and documents containing personal identification information (PII) require shredding. Record owners are responsible for shredding PII (no wider than 5/32") or records to be shredded by choice. Classified documents shredding must be scheduled through G-2 only, POC at 270-798-4566.

Please call the Pollution Prevention Office at 270-798-9769 \ 9773 \ 9780 for questions regarding paper shredding.

Note: Shredded Paper, left in a bag, may be recycled in blue paper bins.

Closed New Years, July 4th, Thanksgiving, Christmas

At Fort Campbell We Believe in the 3 R's.

- **Reduce**...the amount of waste you generate. Note - 32% of household waste is from packaging and 10% of every \$1 spent is for packaging, not the product.
- **Reuse**...as much as possible. Avoid disposable products.
- **Recycle**...everything that is recyclable. Know your local recycling programs and participate 100%.

Did you know it is against Tennessee and Kentucky state laws to bring off-post trash onto post and to dump or leave field trash in the back areas??

WHAT IS NOT RECYCLED?

MRE Boxes, wax paper, plastic grocery bags, glossy fax paper, food contaminated paper or cardboard, laminated or carbon paper, plastic that is not #1 or #2 (check bottom of item), window glass, disposable diapers, medical supplies, PVC pipes, light bulbs, styrofoam, mirrors.

MISCELLANEOUS ITEMS:

What is e-waste??? Televisions, monitors, computers, printers, cell phones. NO STEREOS, SMALL APPLIANCES, ETC.

Printer Cartridges- Take to Recycling Convenience Center. Eagle Mart no longer accepts printer cartridges.

Large Amts complete MREs- Return to your Dining Facility Manager.

Aluminum cans are still being accepted at the Recycle Center.

Brass and ammo cans should be turned in at the Ammo Supply Point (ASP).

HOUSING RESIDENTS:

Call your Community Office for curbside recycling info. Also, if you're moving, they can help you with your cardboard and packing paper. Extra furniture can be taken by you to Recycling Convenience Center. The Convenience Center is here to take all your other recyclables.

HOUSEHOLD HAZARDOUS WASTE:

Cleaners, paints, petroleum products; like oils, lubricants, solvents, and paint thinners are hazardous to our environment and should never be thrown away. Housing residents may bring these materials to the Recycling Convenience Center all year long.

FOR CONTINUOUS/UNINTERRUPTED CONTAINER SERVICE:

1. Do not block, lock or contaminate containers.
2. All 96-gallon paper containers must remain outside of the buildings.
3. Each container is registered to a designated building so never move the container...not even when the unit/office moves.
4. Curbside recycling is for paper only, including shredded paper. Paper contaminated with food items or non-paper products will not be serviced. All contaminated containers are tracked.

Fort Campbell has a mandatory paper/cardboard recycle policy.
